

THE WRECK OF THE HESTIA

Survivors Tell What Happened on Vessel

LOST OFF GRAND MANAN

But Six Men Were Rescued—There Is No Doubt That Their Thirty-five Companions Are All Dead.

Eastport, Me., Oct. 28.—The first direct information received from the six survivors of the ill-fated Donaldson line freight steamer Hestia, which was wrecked eight miles off Seal Cove, Grand Manan Island, Monday morning, resulting in the loss of 35 lives, was brought here yesterday. It materially changed some facts contained in the earlier reports obtained over the single telegraph line to the island.

This information definitely determined that the crew consisted of 37 men, including Capt. H. M. Newman, and that there were four passengers and no children. The members of the crew were all Scotch, except two Irishmen, seamen Bernard Breen and James Smith, both of whom were among the survivors. The Keene, originally mentioned as saved, and Breen, are one and the same person.

Two of the passengers were Roy and Jack Galoway, the twins who were on their way to join their brother and father, David M. Galoway, at Richmond, Va., where the family had settled on farms. They were accompanying five horses consigned to their father, and were assisted by a horseman whose name is believed to have been James Cowan. The fourth passenger was Theodore Reid, a Scotch boy immigrant.

It was also learned for the first time that there were five boats in all. Two of these were smashed, one was washed away empty and one was washed away with one man in it two or three hours before anyone attempted to leave the ship and the fifth contained Captain Newman and 24 people. Captain Newman's craft was the only metal lifeboat on the ship.

Don't Wait Till Night

The moment you need help, take a candy Cascaret. Then headaches vanish, dullness disappears. The results are natural, gentle, prompt. No harsher physic does more good, and all physics injure.

Vault-pocket box, 10 cents—All drug stores. People now use a million boxes monthly.

Constipation Should not be neglected. It leads to more serious troubles. It shows that the important functions of the liver are imperfectly performed. The best medicine to take for it is the mild, gentle and purely vegetable cascaret. Prepared by Hood's Pills. C. I. Hood Co., Lowell, Mass. Sold by all druggists and sent by mail. Price, 25c. At Made by Hood's Good.

As this has been washed upon the Nova Scotia coast, there is no doubt of the fate of its occupants. The lone man in the boat washed away was the horseman.

The Hestia struck at 1:10 a. m., Monday, but the boats were not launched until 5:20 a. m. Capt. Newman's life boat was successfully launched at 5:30 o'clock and another boat was being prepared for launching when the rope in the forward davit broke or became loosened and 11 of the occupants were thrown into the sea.

Four members of the crew left on the vessel threw ropes to their companions struggling in the water and succeeded in drawing two of them on board. Those were second engineer Andrew Morgan and seaman Frank Vear. Those who saved them were third officer S. A. Stewart, seamen J. McKenzie, Bernard Breen and James Smith. One other was drawn partly up to the deck, but for some reason loosened his hold and fell back into the sea.

As it was considered improbable, according to the survivors, that any drowning persons were picked up by those on Capt. Newman's boat, it is now known that these eight perished beside the ship.

Among these was the Scotch immigrant lad, the one who was heard to cry out: "Mother, I'm drowning; save me!" Young Reid's body is believed to have washed ashore near Yarmouth, N. S. The bodies of first engineer Chapman and two seamen have also washed ashore. The Galoway twins were in Captain Newman's boat.

The wreck was yesterday lying at an angle of 30 degrees, with the hatches open and the tides flowing in and out of her, so that a boat might have been rowed into them. Her bottom was being ground out and she was rapidly settling. If a storm comes up she will go to pieces rapidly. The masts and funnel were still standing, but the upper works, including the bridge and bulwarks, were gone. At low tide the hull was out of water to the load line.

GOOD PLACE FOR LAWYER.

He May Be Next Governor of New Mexico.

Washington, Oct. 28.—The general expectations is that A. L. Lawshe, the third assistant postmaster general, who is going to New Mexico on a long leave of absence on account of his health, will succeed George Curry as governor of the Territory of New Mexico next March unless Congress shall in the meantime admit the Territory to statehood. Governor Curry's resignation has not yet reached the Secretary of the Interior, but according to despatches from the Territory it has been forwarded, and is to take effect the first of March. While the office of third assistant postmaster general is still being held open for Mr. Lawshe, he left here with no expectation of returning; his physicians advised him that he must make up his mind to live in a milder climate. Mr. Lawshe was with Mr. Taft in the Philippines and he has the entire confidence of the President.

TRYING TO DO YOU GOOD

Copyright 1909 by Hart Schaffner & Marx

Your clothes are really a matter of a good deal of interest to us—we want to see you dressed as well as you can be and ought to be.

If we urge you to buy our high-grade goods, and pay a little more than you're accustomed to pay for clothes, it's because we're sincerely trying to do you good.

The clothes we offer you are the most stylish clothes made, the best materials, the best tailored—and you'll get more service and satisfaction out of them, for every dollar they cost, than out of any clothes you ever had—you'll then discover the real economy in buying the best clothes—and coming here to do it.

This is pretty plain talk but it's just the way we feel about it—and we know you'd feel the same way if you came in here and talked the matter over with us.

In the strictly Hart Schaffner & Marx models the Suits and Overcoats are from \$18 to \$27.50, the Raincoats from \$16.50 to \$25 and Light Overcoats from \$15 to \$22—other models all the way down to \$10.

THE CABINET COERCED

Greek Naval Officers Demand Reform

MUST BE ELIMINATED

The Premier's Attempt at Compromise Is Rejected—The Naval Men Are Backed by the Military League.

Athens, Oct. 28.—Government by ultimatum has taken another sensational turn. Some thirty naval officers, supported by the Military League, have seen for some time demanding the elimination of a number of the highest officers in the navy on the ground of incompetence, as a preliminary to the reorganization of the navy. The Minister of Marine has constantly declined to accede to this demand, and the league presented a twenty-four hour ultimatum, requesting the enactment of an ordinance suspending all promotion for five years, the abolition of the post of rear admiral, heretofore held by Prince George, together with two vice admirals and fifteen positions of lesser rank. The premier tried to meet the case by promising to submit to a bill altering the age limit for superannuation. The Military League declared that from sixty-five years to fifty-eight that this was inadequate, and thirty naval officers, in imitation of the tactics of the officers of the league at the recent military revolutionary movement, quitted the capital and repaired to Salamis, about ten miles from Athens and not far from the arsenal. Although their number is small they are backed by the Military League and are thus all-powerful. It is believed that the cabinet will be completed to grant their demands. Intense excitement prevails.

ASSASSIN IDENTIFIED.

Man Who Killed Ito Former Korean Emperor.

Harbin, Manchuria, Oct. 28.—The assassin of Prince Ito was identified today as Inchan Angan, a former editor of a newspaper at Seoul. He said that he was one of an organization of 20 Koreans who had taken an oath that they would kill the Japanese statesman. The assassin used dum-dum bullets which had been poisoned with cyanide.

ZELAYA BOTTLED UP.

Reported to Be Nearly Surrounded at Managua.

New Orleans, Oct. 28.—Passengers arriving today on the steamer Imperator from Bluefields, Nicaragua, reported that when they left Bluefields three days ago, President Zelaya was almost completely bottled up at Managua. A general advance by General Estrada is being checked by a scarcity of ammunition.

PILES CURED IN 6 TO 14 DAYS

PAZO OINTMENT is guaranteed to cure any case of itching, blind, bleeding or protruding piles in 6 to 14 days or money refunded. 50c.

GIRL ROUTS FORTY NIGHT RIDERS

She Opens Fire on Them With a Double-Barrelled Shotgun and They Run.

Lexington, Ky., Oct. 28.—A girl, armed with a double-barrelled shotgun, put to flight forty night riders when she broke down the door of her father's house last night.

The riders appeared at the home of George Kreitz, evidently with the intention of whipping him. When entrance was refused the door was beaten in with an axe and crowbar. Kreitz's young daughter, standing ready with a loaded shotgun, turned loose both barrels. The masked men fled precipitately. Kreitz recognized several of the men, and arrests are expected.

Before appearing at the Kreitz home the riders had gone to the farm of a neighbor, Benjamin Longnecker and shot through the windows. Several bullets narrowly missed members of the family. Longnecker is wealthy and prominent. He and Kreitz had sold their tobacco crops to independent buyers and had refused to enter the pool of the Burley Tobacco Society.

"DOWN WITH THE GERMS."

If you could observe the extreme care with which the modern surgeon cleanses hands and instruments before an operation, you would be impressed with the danger of germs and the importance of absolute cleanliness in its relation to health. The slogan of modern medical science is "Away with the germs." Germs thrive and multiply wherever they can find a lodging place in grease or dirt, but where things are scrupulously clean germs find it hard to live. The easiest and surest way to keep things clean lies in the use of Gold Dust washing powder. Gold Dust goes deep after dirt and routs out every germ and hidden impurity. It is the sanitary cleanser.

CHURCH-STATE WAR AT POLLS.

Archbishop of Toulouse Rallying Catholic Voters Preparing for 1910 Elections.

Paris, Oct. 28.—A new and interesting situation has been created by the French episcopate's declaration of war against the public schools of France and the open attempt initiated by Archbishop Germain of Toulouse to rally the Catholic voters at the general elections of 1910 in support of candidates committed to the defense of church interests.

Archbishop Germain has formed an association of Catholic voters, the object of which is thus described: "We demand the re-establishment of religious peace, first, by a direct entente between the sovereign and the pontiff, or by new legislation acceptable to the latter and assuring full liberty to the church; and, second, the re-establishment of complete liberty of education."

The archbishop says that the situation of French Catholics is intolerable, and that they must adopt the attitude of their Irish brethren in the days of Daniel O'Connell and their German brethren as assumed against Bismarck's "Kulturkampf."

TWO DEAD IN NEW YORK FIRE.

Eleven Others Injured; Police Investigate.

New York, Oct. 28.—Two persons were killed and eleven injured in a fire which swept through a three-story tenement at Fifteenth street and Third avenue before daylight today. Fire Chief Croker stated that he believed

that an incendiary had set the place on fire and the police started an investigation. When the first fireman reached the building the flames were extending from the basement into the upper halls and it was some time before they could get into the apartments on the second floor and third. Several persons

did not wait until the firemen arrived and leaped from the windows and were injured. Others were injured by falling from a fire escape in the rear. Three ambulances conveyed the injured to Bellevue hospital, where it was said none of them were mortally hurt. A number of them suffered from severe burns.

It's a Good Sound Common Sense Policy

To use medicines only of KNOWN COMPOSITION, and which contain neither alcohol nor habit-forming drugs. It is foolish—often dangerous to do otherwise. The most intelligent people, and many of the most successful, conscientious physicians, follow this judicious course of action. The leading medical authorities, of all schools of medicine, endorse the ingredients composing Dr. Pierce's medicines. These are plainly printed on wrappers and attested under oath. There's no secrecy; an open publicity, square-deal policy is followed by the makers.

Dr. Pierce's Favorite Prescription

THE ONE REMEDY for woman's ailments, sold by druggists, devised and gotten up by a regularly graduated physician of vast experience in treating woman's peculiar diseases and carefully adapted to work in harmony with her delicate organization, by an experienced and skilled specialist in her maladies.

THE ONE REMEDY for woman's ailments, sold by druggists, which contains neither alcohol (which to most women is the rankest poison) or other injurious or habit-forming drugs.

THE ONE REMEDY for women, the composition of which is so perfect and good that its makers are not afraid to print its every ingredient, in plain English on its outside bottle-wrapper, and attest the correctness of the same under oath.

We have a profound desire to avoid all offense to the most delicate sensitiveness of modest women, for whom we entertain the most sincere respect and admiration. We shall not, therefore, particularize here concerning the symptoms and peculiar ailments incident to the sex for which Dr. Pierce's Favorite Prescription has for more than 40 years proven such a boon. We cannot, however, do a better service to the afflicted of the gentler sex than to refer them to Dr. Pierce's Common Sense Medical Adviser, a great family doctor book of 1000 pages, bound in cloth and given away gratis, or sent, post-paid, on receipt of 31 one-cent stamps—to cover cost of mailing only. All the delicate ailments and matters about which every woman, whether young or old, single or married, should know, but which their sense of delicacy makes them hesitate to ask even the family physician about, are made plain in this great book. Write for it.

Address: WORLD'S DISPENSARY MEDICAL ASSOCIATION, R. V. Pierce, M. D., President, 663 Main Street, Buffalo, N. Y.
